

MADLYNN WILL HAVE OLD MATE FOR A COUNSEL

Ralph Obenchain Will Sit
Near Former Wife in
Murder Trial.

THINKS HER INNOCENT

Principals in Case to be
Together for First
Time in Months.

(By the Associated Press)
LOS ANGELES, Aug. 15.—Arthur C. Burch and Mrs. Obenchain, arraigned today in superior court here on an indictment charging the murder of J. Belton Kennedy, asked for an extension of time in which to plead. They were granted until August 22.
Under the California laws the defendants were entitled to a two-day extension.
Mrs. Obenchain appeared to be on the verge of collapse as she listened to the reading of the indictment which charges she and Burch killed Kennedy, her former sweetheart. Burch displayed no emotion.
Mrs. Obenchain, with a woman deputy sheriff walked to the hall of justice. She leaned heavily on the deputy's arm. Ralph R. Obenchain, her former husband, sat with her during the proceedings.
As Burch entered the room, Mrs. Obenchain glanced casually in his direction then looked away. The eyes of the prisoners did not meet during the entire proceedings.

LOS ANGELES, Aug. 15.—When Mrs. Madelynn Obenchain is taken into court this morning to answer to a murder charge involving the death here August 5 of J. Belton Kennedy, her former husband, she will be sitting at the counsel table as her attorney.
Mr. Obenchain arrived in this city late yesterday and after a conference with the prisoner declared himself sure of his former wife's innocence.

On the same train from the east, also in response to a telegram requesting that he come here, was the Reverend William A. Burch, of Evanston, Illinois. The churchman came to be at the side of his son, Arthur C. Burch, friend of Mrs. Obenchain and the dead man, also scheduled to be arraigned on the murder charge.

The arraignment will see the two principals in the case brought together for the first time since their incarceration.

TRIBE PAYMENTS ARE DELAYED TO PROBE PETITION

(By the Associated Press)
MUSKOGEE, Aug. 15.—Announcement was made today that the payment to be made by the government to the members of the Choctaw and Chickasaw tribes had been delayed through a protest of Governor Johnson of the Chickasaws who urged the government to make a greater pro-rated payment among his people.

The payment will not be undertaken until officials at Washington have passed upon the matter. Original plans call for a distribution of \$1,000,000 among the Choctaws or \$50, per member and \$125,000 among the Chickasaws or \$50 per member.

POSSES SEARCHING FOR SKEDEE BANK BANDITS

(By the Associated Press)
PAWNEE, Aug. 15.—Posses were searching the country southeast of Skedee in an effort to locate the bandits who yesterday bored under the floor and into the vault of the Citizens State bank at Skedee and escaped with \$500 and paper taken from the safe deposit boxes. Rain which fell after the robbery obliterated the bandits' tracks and held up the pursuers.

Work on the residence being built on East Fifteenth street in Chickasaw addition for N. B. Stall is progressing on schedule. This will be one of the best residences in the city and will cost \$10,000.

FINANCE FROZEN RESERVE BANKER DECLARES TODAY

Business in Tenth District
Is "Deplorable Due to
Production Cost."

PRODUCER CAN'T SELL

Crop Prospect Is Now Only
Hope for Better Times,
Belief.

(By the Associated Press)
WASHINGTON, Aug. 15.—Business and financial conditions in the states served by the tenth federal reserve bank, Kansas City, are deplorable due to high costs of producing and distribution of agricultural products and prevailing prices, A. E. Ramsey, chairman of the federal reserve bank at Kansas City, told the interstate commerce commission here today in the hearing on the freight rates on grain products and hay. The complain against the present rates was made by the Kansas state railroad committee, joined in by 20 other state and various grain producing associations.
Producers are unable to sell their products above the cost of production and distribution, Mr. Ramsey said. Assets of the banks in that section are more nearly frozen, he added, than at any time in his experience, with little prospect of improvement until another crop is produced and the farmer is able to realize a profit.
Interest burdens of farmers in the territory have increased approximately 11 per cent, the witness said.

DUNCETT MAY SURVIVE FATAL MOTOR ACCIDENT

(By the Associated Press)
CLINTON, Aug. 15.—Walter Duncett, 20 years old, injured last night when a motor car went over an embankment near here killing three persons, will recover, it was said at a hospital here, where he was taken after the accident. Floyd Butler, 21, of Taloga; Ruby Bell, 19, of Taloga, and Lloyd Miles, 20, of Weatherford, were killed.
The automobile, driven by Butler, plunged off a bridge over Horse Creek and pinned the victims beneath it.

SAFETY PIN IS NOT SAFE WHEN MONEY IS NEAR

(By the Associated Press)
LOS ANGELES, Aug. 15.—It is not always safe to trust a safety pin. R. Hines of Grand Rapids, Michigan, was raised to regard the safety pin as being true to its name. But that faith is now broken.
When he came here to visit recently he brought \$51,000 in currency and certified checks in a hip pocket secured by a safety pin. Two days after his arrival he appeared at the police station and exhibited his pocket which was neatly cut and minus the money—but with the safety pin in place.
Now he wants to donate the pin to an orphanage.

FOUR PRISONERS WHO FLED CELLS MAKE AN ESCAPE

(By the Associated Press)
LEAVENWORTH, Kan., Aug. 15.—Hope of capturing the four prisoners who escaped from the Kansas state penitentiary Saturday night was virtually abandoned today by Warden M. N. Amerine, who said he believed the men had succeeded in reaching Kansas City.
Ed Mitchell, a fifth prisoner, who attempted to escape with the others fell 15 feet from a ladder by which they escaped. He was recaptured. It was at first reported that he had been shot.

INTRODUCE TAX BILL AT FIVE O'CLOCK TODAY

WASHINGTON, Aug. 15.—Republicans of the house ways and means committee have decided not to formally introduce the tax bill until after five o'clock this afternoon.

SPEEDING UP TRANSPORTATION

STATE TO COMBAT PELLAGRA CAUSES

Educational Campaign Is
Planned to Break All
Chance of Epidemic.

(By the Associated Press)
OKLAHOMA CITY, August 15.—An educational campaign to prevent pellagra, and malnutrition in the poorer families of southern Oklahoma is planned by the state board of agriculture, in co-operation with the state board of health, according to an announcement made here today by John A. Whitehurst, president of the state board of agriculture and Dr. A. R. Lewis, state health commissioner.
The south is not afflicted with famine conditions to the extent that relief from outside sources is necessary, but pellagra and other diseases caused from lack of proper diet are on the increase this year over the same period in 1920, according to a report of J. P. Folan, assistant health commissioner, submitted to Dr. Lewis today. Folan recently returned from a conference of southern health department representatives with the United States surgeon-general at Washington.
However, the cases estimated for the remainder of this year fall far below the average for the years 1914 to 1918, according to the report.
The plan of the departments to combat the spread of the malady, is similar to that already inaugurated by the federal department of agriculture which is sending out instructions to every home demonstration agent in the south, to provide an educational campaign among all farmers in the cotton districts, dealing with conservation of foods.
Although nearly every one of the five hundred cases reported by August 13, this year, was the result of an improper diet, caused by lack of money with which to buy proper food, nearly every case could have been prevented, had the farmer or his family known how to preserve vegetables and meats from last year to this, according to Dr. Lewis.
Each farmer should raise some corn, peas, beans and other vegetables and small grain, in quantities enough to can during the winter, according to the courses mapped out by the department of agriculture. In several families where actual conditions of starvation and malnutrition were found, milk, eggs and chicken had been sold to buy soft bacon, corn meal and syrup in bulk, according to the health officers.

"EIGHTY-NINER" WAS TERROR TO HORSE THIEVES

(By the Associated Press)
OKLAHOMA CITY, Aug. 15.—Funeral services were held here today for James M. Churchwell, 67 years old, an "eighty-niner" who died at his home here yesterday. Mr. Churchwell came to Oklahoma City in April, 1899. Since then he has lived here and in Lawton.
In the early days Mr. Churchwell was an active opponent of horse and cattle thieves and aided the officers in an extensive raid in Creek county which cleared the territory of a band of horse thieves who had terrorized the farmers and ranchmen over a large part of the state.

THE WEATHER

U. S. Department of Agriculture, Weather Bureau
WASHINGTON, Aug. 15, 1921.—Forecast for the period August 15, 1921, to August 20, 1921, inclusive. West Gulf States: Normal temperature and generally fair weather, but with widely scattered local thunder-showers. There are no indications at this time of a disturbance in the West Indies.
Upper Mississippi and lower Missouri Valleys: Generally fair weather except scattered showers are indicated; moderate temperature.
Southern Rocky Mountain and Plateau Region: Generally fair weather except scattered showers are indicated; moderate temperature.

\$1800 IN LOOT FOUND CACHED IN OLD TREE

(By the Associated Press)
WAUKOMIS, Okla., Aug. 15.—A tin can containing \$1800, all but \$100 of the loot secured by the bandits who Saturday robbed the Waukomis National Bank, was found late yesterday by a searching party in a fork of a tree seven miles southeast of here. The cache was discovered a quarter of a mile from the cornfield where Ralph Foster and E. N. Katz, the alleged robbers, were captured late Saturday by a posse.

IRISH PEACE MAY BE BLASTED HOPE

Virtual Deadlock Exists but
Door Still Open for
Parley.

(By the Associated Press)
LONDON, Aug. 15.—England today faced a crucial period in the negotiations looking to the establishment of peace in Ireland. The action of the British government yesterday in making public letters exchanged between Premier Lloyd George and Eamonn de Valera, Irish republican leader, showed the people that a virtual deadlock existed and, although the door was declared to have been left open for further parley, it was apparent that the situation was one of considerable gravity.
Reports from Dublin which might indicate what the Irish republicans would do to counter the unexpected move of the government in giving the correspondence to the press, were anxiously awaited. It appears that the next step is to be made in that direction as Mr. Lloyd George literally "laid his cards on the table" yesterday and it seems that De Valera and his colleagues must meet the situation thus created.

WASTING OIL MAY BE STOPPED SOON

Engineering Society To
Make Probe of Leak
in Two States.

(By the Associated Press)
LAWRENCE, Kan., August 15.—Millions of barrels of oil may be saved annually in the Mid-Continent field alone through the elimination of wasteful practices, as the result of a survey of the Kansas and Oklahoma oil industry now under way by a committee of the American Society of Mechanical Engineers.
P. F. Walker, dean of the school of engineering at the University of Kansas here, is chairman of this committee. Hollis Porter, of the Gypsy Oil Company, and Phillip Jones of Shreveport, La., are the other members of the committee, which is working in co-operation with J. P. Fisher and J. E. Stillwell of the research department of the Empire Oil company, Bartlesville, Okla.
Methods for reducing the amount of good oil and gas burned in the process of refining, for example, are being worked out. Two or three million barrels could be saved each year in this process, according to Dean Walker.
Electrical methods for the recovery of much oil which is otherwise allowed to run to waste because it is mixed with water and other foreign substances, are already saving annually from four to five million barrels in the United States as a whole, he said.
On one lease alone the operator reported more than \$40,000 worth of gasoline reclaimed in one year by the introduction of a plan to prevent evaporation from open tanks. Failure to use these methods is declared to be causing much loss, both in gasoline and money.
Other research along similar lines is being carried on in the laboratories of the University of Kansas under Dean Walker's direction. Investigation of the thermal properties of oil for the purpose of making it possible to design refining stills just as scientifically as a water boiler is designed, instead of by guess work, is one of the most important of these problems.

MOTORIST FOUND DEAD OF THIRST IN DESERT AREA

PRESCOTT, Ariz., Aug. 15.—The body of August Kaufman, automobile motorist from Pasadena, California, missing since last Wednesday, was found on the desert fifty miles west of Congress Junction, forty miles south of here by Mojave county officers. The man had perished from thirst and exposure, the officers said.
Kaufman, according to the officers, left his wife and three children in the automobile Wednesday in search of water, when he discovered that his supply was running low. Friday night when he had not returned his family still waited in the automobile and Lillian, a three-year old daughter, died of exposure.

NOTICE MASONS.

Ada Lodge, No. 119.
A. F. & A. M. will meet regular monthly communication at 8 o'clock tonight. Every member is urged to be present as matters of importance to the craft will be discussed and action taken. Visitors welcome.—John Thrasher, W. M.

MENTION BRENTS FOR STATE HEAD OF 'DRY' FORCES

Local Man Is Veteran at
Liquor Law Enforcement
in Oklahoma.

HELPERS ARE NAMED

Ada Officer Was Figure in
Famous Bill Creekmore
Conviction.

T. E. Brents, pioneer prohibition officer of this city and one of the few persons on the ground at the time Ada began, has been recommended for appointment as head of the prohibition enforcement division, covering the entire state, by M. F. Meadows, federal prohibition director of Oklahoma, according to word received here this morning.
John Rehl of Blackwell and James E. Ellison of Anadarko were recommended for appointment as heads of the two field divisions of the state, it is understood. Announcement of recommendations was made Sunday night. Mr. Brents has just returned from Oklahoma City where he was in conference with Meadows and the other two men recommended for prohibition posts.
Mr. Brents has been head of the Indian service since that department was established and it was through his efforts that evidence which caused the conviction of Bill Creekmore was obtained. He has a wide acquaintance throughout the state and has been recommended for the post by government and state officials of other states, according to a statement made by Meadows. Other officers who will compose the state prohibition force are expected to be announced within the next few days.

Old in Service.
T. E. "Ed" Brents has earned perhaps as many service marks for years of duty in federal and state prohibition work in Oklahoma as any other man. He has seen extensive service in the state as a deputy U. S. marshal at Muskogee and opened in 1902 the first district court ever held in Ada. During his long stretch in the federal prohibition game he has been connected with the arrest and conviction of some of the most notorious "whiskey runners" that have operated in Oklahoma and the Indian Territory.

JUSTICE RULES ON WHO LICKED IN WORLD WAR

(By the Associated Press)
GALVESTON, Aug. 15.—What is believed to be the first judicial opinion on the question of whether or not the war between the United States and Germany was terminated by the congressional resolution approved by President Harding on July 2 was rendered recently by Justice of the Peace Alex Gomez.
The action was a suit for possession of property brought by the owner against the lessee which in 1917 has been leased for one year or "until the present war between the United States and the central powers is over."
The contention of the plaintiff that the President's approval of the peace resolution terminated the war insofar as that conflict had to do with transactions involving only citizens of the United States was sustained by the court.

ROFF GUARD BATTERY IS MUSTERED IN AND STARTS DRILL TODAY

ROFF, Aug. 15.—Forty-seven men, forming Headquarters company of the first field artillery, Oklahoma National Guard, the second guard battery for Pontotoc county, was mustered in here with appropriate ceremonies last week.
Men were sworn in by Adj. Gen. Charles Barrett who came here from state headquarters.
The company was marched into the high school auditorium in charge of First Lieutenant S. J. Kuykendall, under the direction of Capt. W. O. Pratt. The ranks were opened and an inspection made by General Barrett, who then addressed the company on the purpose of the National Guard and its relation to pure and unadulterated Americanism. Judge Bullock then addressed the company and the visitors in an able and a very much appreciated manner.
Capt. Pratt after addressing a few remarks to the men, announced that the next meet would be held on Monday night, August 15th for the purpose of organizing the company and appointing non-commissioned officers.
Several men will be kept on permanent duty and will be paid a good salary.

FIRE IS EXTINGUISHED MANY ARE INJURED

PHILADELPHIA, August 15.—The fire at the Pint Breeze works of the Atlantic Refining company, in which five persons were killed and nearly a score injured, was finally extinguished. Loss is estimated at \$1,000,000.
Officials of the fire department expressed the belief that the fire was caused by the backfiring of a motorcycle ridden by a workman over a gulley, where gasoline fumes from leaking pipes hung densely.

LOCAL MEXICAN KILLED SUNDAY NIGHT AT PARK

Bill Estinello, Laborer, Is
Shot Through Head;
Bennett Held.

INTERESTING FACTS ON LIFE OF DEAD MAN TOLD HERE TODAY.

Bill Estinello, a Mexican, about 35 years of age, said to have an overseas war record with the American armies covering a period of 18 months, was shot and instantly killed in Glenwood park about 10:30 Sunday night.
Lloyd Bennett, 17, is being held in the county jail today in connection with the murder.
Information on incidents leading up to the shooting were meager this morning. Estinello, known here as "Mexican Bill," was taking recreation in the park in company with several other men. Bennett is said to have come upon the party and demanded a seat on the bench which was already near full. Good natured attempts were made to move the Mexican who refused to be shoved. At this point Bennett is alleged to have declared he could move him and to have shot Estinello squarely in the face.
The bullet entered the right side of the Mexican's nose and ranged upward through the head, coming out at the back. He died instantly. A crumpled bit of paper in the Mexican's shirt pocket bore the name "Bill Estinello," written with a scrawled pencil. This was the only identification he bore. He was well known in Ada, however, having lived here for more than 20 years and worked as a laborer, carpenter, and cement mixer. Employers gave his name today as Bill Castinello.

Bits of the life history of the murdered Mexican and war hero told at the undertaking parlors of Criswell and Myers where Estinello's body lay today, reveal some interesting things in connection with the man's life.
His parents are said to live at Bay City, Texas, and efforts are being made to get into touch with them. His father was an Indian and his mother a Spaniard. The mother died when "Mexican Bill" was only three months old and his father later married an American woman. It was she who raised the boy. Bill came to Ada almost 20 years ago and ended his days in the American army almost immediately after war was declared, it is reported. Undertakers were making an attempt this morning to learn where he enlisted but it is believed that he entered the army at the Ardmore recruiting station.
Estinello is said to be a naturalized American.

PHILADELPHIA, August 15.—The fire at the Pint Breeze works of the Atlantic Refining company, in which five persons were killed and nearly a score injured, was finally extinguished. Loss is estimated at \$1,000,000.

Officials of the fire department expressed the belief that the fire was caused by the backfiring of a motorcycle ridden by a workman over a gulley, where gasoline fumes from leaking pipes hung densely.

TOLERANCE

One of the hardest, if not the hardest lesson the human race has had to learn is that of tolerance. From time immemorial man has insisted on trying to force his brother man to accept his views and to this may be traced much of the trouble of the world. It was not until after the founding of the American colonies that mankind would live in peace with men holding to different religious beliefs, all nations prior to that time insisting on the acceptance of some particular belief or form of worship. Political tolerance was another lesson hard to learn. When the American constitution was adopted its critics declared it would fall because those once in power would insist on remaining there, but the Americans had become accustomed to the rule of the majority and the president who refused to vacate his office when another had been elected to fill it would find himself the center of the merriest little fight on record. However, even to this good day we find reformers of many brands advocating various hobbies and insisting that these be forced on their fellows. Just another form of intolerance by men who can't understand that perhaps the standard of the other fellow may be as good as his own and that the other fellow's opinion is not necessarily dangerous to the public. Live and let live is the lesson which mankind must learn if there is to be lasting peace.

EASY SOLUTION

Constant experimentation to determine the best mixture of paving materials to withstand heated spells like that of this summer should be carried on. Some of the finest residential streets have come to have the texture of washboards during the past week and this is neither pleasant nor economical.—Fort Worth Record.

A very simple problem, use Ada cement and asphalt from the mines of Pontotoc county and your troubles will vanish. In other words, why send to South America for asphalt when you can beat it right here at home.

Judge Landis, who is acting as arbiter between warring contractors and labor unions in Chicago, has told both sides in most emphatic terms that some of their working agreements must be modified. Both sides have been carrying on with a high hand while the public footed the bills and the judge realizes that the public has some rights to be considered. He hits the plumbers a jolt because of a clause in their rules, which are recognized in their agreements, which forbids a union plumber to ride to his work. As the plumber's pay day begins when he sets out for the job they have found it very profitable to walk, no matter how far they might be living from them. Of course it is all charged up against the public.

"Procrastination is the thief of time," declared a philosopher of the long ago. It is not only the thief of time but the wrecker of nations, destroyer of happiness and spells the ruin of business. It is the commonest of human faults and there is no cure for it beyond the will of the individual. The human mind and body are naturally lazy and as long as it is possible to postpone action just so long will the average man delay tackling a job that carries with it a little exertion or responsibility. Wait until tomorrow is the plea of the slothful and too often everything is wrecked before tomorrow arrives. To have the nerve to tackle every task as soon as it appears is the greatest accomplishment of the human will power and largely determines one's success in life.

Reports are that the cotton crop in Texas has deteriorated more than half in the last few weeks. If the crop of the entire South were to be cut in two, more money would probably be obtained for it. At any rate, it would cut the carry-over and make possible a living price for cotton next year. Meanwhile this part of the cotton belt has plenty of feed and cornbread for another twelve months.

We have unbounded faith in the luck of Ada. Several times in its history the old town appeared to be approaching a slump, but on each occasion something has happened to save the day. While other Oklahoma towns were seriously crippled, Ada marched steadily onward.

Many mysteries, like sleight of hand tricks, are simple when once explained. For instance, the disappearance of Malcolm Ethridge at Muskogee baffled the best detectives for several days and then it was found that he had hid himself off to Texas and was with an aunt. Simple, wasn't it?

The republican congress has decided it takes \$400 instead of \$200 to keep a child a year. While we agree that the exemption should be \$400, we'll admit a lot of kids in the world get by on less.

The Personal Press

Motion Doesn't Matter
The motion is honestly immaterial. The way it comes easiest and most natural to the individual is the way that individual should pursue it. The youngster uses his legs more instinctively than the grownup, probably, and legs are the natural propellers. And in fighting to keep the water away from his nose and mouth he pushes it down energetically with both hands, fingers closed. Watch a grownup, accustomed to the great American institution of heading directions, and see how he holds his hands limp and open until somebody tells him to shut them and his mouth. It's more a matter of him getting away from instinctive physical reaction than it is caution of carefulness. And watch the youngster—boy or girl—dive. If it's a stunt he doesn't know, but sees somebody else do, he goes ahead and tries it. It isn't bravery and it isn't foolhardiness. It is "horse sense" that is born in little children and only educated out by their human environment. He knows that if it didn't kill, seriously maim, or even discommode the other fellow, it probably won't end his own existence.

Pass It On, Gentlemen
Fort Worth Star Telegram: The United States Railroad Labor Board is making rapid progress in restoring "normalcy" in the matter of railroad wages.

But—
How about railroad freight and passenger rates?
How long are we going to have to wait for a "readjustment" in that particular?

When Governor Harding was touring Texas he took occasion to point out that one thing that's the matter with us now is not that deflation has not gone far enough, but that it has not been uniform. He said that raw materials were "deflated" to the limit, and that prices would have to go up instead of further down in the case of many of them, inasmuch as they had declined below the cost of production. But other things have gone up during the same period that these prices have come down, he said.

Freight rates for example. Yes, he cited freight rates specifically. Though, to tell the truth, he did not have to cite them to cattlemen. They thought of freight rates naturally, as soon as he mentioned the fact that some things have gone up. Governor Harding said that the process of adjustment would proceed only as rapidly as these things that have gone up begin to come down again.

We have got to have readjustment in order to have anything like a restoration of prosperity. The net result of the wage reductions so far will be to reduce the purchasing power of the railroad men. Society ought to have the benefit of those reductions while bearing their consequences. We have accepted the dictum that the reduction of wages is necessary in order to further the process of readjustment. But the reductions must be passed on to the public. The railroad labor board is making rapid progress in readjusting wages.

Now, let's see what the Interstate Commerce Commission can do in the way of reducing rates?

32 Speeders Entered for Annual Races to Scale Colorado Peak

COLORADO SPRINGS, Aug. 15.—With the closing of the entries today, 32 cars are entered for the annual Pikes Peak races from Colorado Springs to the summit of Pikes Peak, a \$5,000 silver trophy, which becomes the property of the company winning the trophies three times. In addition to the big cup cash prizes are also offered.

Among the drivers entered for the event are some of the best known racers in the country including Ralph Mulford, Roscoe Searles, De Palmer and Tommy Milton.

The race is probably the most spectacular in the history of the famous mountain, with more than two-score of hairpin turns verging precipices from 1,000 to 2,000 feet deep.

An airplane exhibition in which more than a dozen planes will participate will also be featured in connection with the races.

The two Lexington cars, which last year finished one-two in the big event are already on the ground tuning up for the defence of their title and each week sees additional cars arriving.

BRUNSON NOW BACK ON FEET ONCE MORE

"It's a fact I was down in bed flat of my back with rheumatism when I began taking Tanlac, and here I am on my feet again feeling better than I have in fifteen years," said C. Brunson, 409 West Oak St., Oklahoma City, Okla.

"In 1907 I was first taken down with rheumatism in my back and joints, and several times a year since that time I would get in such a bad fix I would have to be helped in and out of bed. I could hardly get up and down and at times was so nervous and miserable I could hardly sleep. Nothing I ate agreed with me and I was stiff and sore day in and day out.

"Tanlac has made a great change in me. Why, I feel like a ten year old boy compared to the way I felt before I took Tanlac and have gained ten pounds in weight at least. I sleep good every night now and get up in the morning rested and feel fine all day. My right arm and shoulder don't hurt me for this first time in nearly fifteen years and, in fact, I just feel like a new man in every way. I think everybody ought to know about a medicine that does what Tanlac has done for me, and I'm glad of the opportunity to give this statement." Tanlac is sold in Ada by M. A. Waits and by leading druggists everywhere.

Famine Is Greatest Menace to Russians Press Reports Aver

(By the Associated Press.)

REVAL, Esthonia, Aug. 15.—Famine, resulting from crop failure, is far more feared by the Communist dictators of Russia than any development of capitalism that might come from recent concessions toward free trade, according to speeches by Lenin and other Communist leaders, editorials in Bolshevik official newspapers and other information from Moscow reaching the Baltic states.

Lenine, writing for the Baku Communist, as reported by the official Bolshevik telegraph agency, Rosta, a few days ago, said: "There is nothing to fear in the rise of small farming and small industry. It cannot be dangerous to our big industry. Something else is to be feared. In case of a bad harvest, there can be no diminishing in the crisis of the working classes.

"Not that growth of petty bourgeoisie and capital is dangerous, but the state of need and lack of food-stuffs that is continuing too long. That is why the proletariat becomes weak and cannot stand against the elements of petty bourgeoisie."

In this, as in other articles widely distributed throughout Russia in support of the new economic policy Lenine points out that, by holding firmly to the reins of big industry, the dictatorship of the proletariat can always control any situation that might develop with regard to smaller capitalistic advancement.

In a speech before the All-Russian Supply Conference, recently held at Moscow, Lenine, as reported in the official newspapers Pravda and Izvestia was extremely pessimistic about the famine possibilities.

DISCUSS INTERNATIONAL POLITICS AT WILLIAMS COLLEGE INSTITUTE

Left to right: Viscount Bryce, President Harry A. Garfield and Chief Justice Taft, photographed on Williams college campus.

Famous authorities on the subject of international politics are the speakers at the summer institute of Williams college, whose president is Harry A. Garfield. Among the celebrities who have addressed the institute are Viscount Bryce, formerly British ambassador to the U. S., and ex-President Taft, who is now chief justice of the U. S. supreme court.

COW RACE IN LACTEAL LAPS

State Fair to Test Free the Kine's Output vs. Her Upkeep

Purebred dairy cows will run a "milk race" at the Oklahoma State Fair at Oklahoma City, September 24 to October 1. Under the direction of a dairy expert the cows will be milked daily, charts made showing each cow's production and the comparative value of the food she ate with the milk she produced. Records will be official and may be used for breeder's association records. Any purebred dairy cow may be entered.

RAILWAY RATES REDUCED

A Fare-and-a-Half to Get to and Come Back From a Fair-and-a-Half

That the railways appreciate the value of the Oklahoma State Fair and Exposition to the people of the state is evidenced by the reduction of rates to Oklahoma City, where the fifteenth annual exposition will be held from September 24 to October 1. This special rate permits a State Fair visitor to go and come back from any point in the state for a fare and a half. In other words you can get a round trip ticket at a quarter reduction.

Four of the "ests" in the State Fair Grounds

A man is known by the company he keeps but a fair is gauged by the buildings it has. Not to mention the magnificent brick Liberal Arts Building or the huge Livestock Pavilion, the Oklahoma State Fair and Exposition now holds the following score among its 51 buildings and structures in its 160-acre park at Oklahoma City: Poultry Building—Finest and largest in Southwest. Grand Stand—Largest concrete and steel grandstand west of the Mississippi. State Fair School—Largest in the United States. Women's Rest Cottage—Finest equipped and most sanitary of its kind in the West.

Re-charging and three day battery rental \$2.00. Phone 124.—Kit Carson Battery and Ignition Station 122 West 12th St. 8-7-23d

BOOKED TO GO UP FOR BIG LEAGUE TRYOUT IN FALL

Ralph Shinnars, fleet outfielder of the Indianapolis A. A. team, is one of the minor leaguers who are expected to be called by big league managers for tryouts this fall. Owner Smith of the Hoosiers has declined several cash offers for Shinnars.

Carp, Vampire of Fish Realm, Is Outcast With State Head Who Sends Out Finest Stock

(By the Associated Press.)

OKLAHOMA CITY, August 15.—The degenerate of the fish tribe, and the vampire of the water, which destroys more homes in fishdom than do its kin in human existence, is the description of carp given by Ben Watt, state fish and game warden today, in explaining why the department does not furnish carp to those asking a supply of fish for their streams.

The carp he portrayed as the scavenger of the race, also, preying upon thousands of smaller fish each year and completely destroying the fish values of bodies of water in which they abound. The fish hatcheries accept no carp for propagation.

"Other fish rescue work is in progress," Watt said.

The last legislature, recognizing the importance of rescue work and of restocking pools and streams of Oklahoma with fish which otherwise would be lost, appropriated \$2,000 for fish rescue work.

W. T. Hunt with offices at the capital is in charge of the fish rescue work, and with the assistance of residents in localities where streams overflow, leaving when they recede, hundreds of fish literally "gassing for water" he saved thousands of dollars in fish to the state, according to Watt.

Seining parties are organized as the water recedes, he said and the fish not needed for consumption are returned to the streams from which they came.

"Baggage?" "Yes, twenty 10-gallon cans of fish," and the work of stocking Oklahoma's outlying pools is started. The streams have been stocked well with "baggage" since the starting of the fish hatcheries in 1917-18 the records show.

Fish when taken to the outlying pools are taken as baggage and not as express. One reason for this was explained, is because they have always to be available, as much care and attention is required. They thrive as the train is in motion but when the vibration of the water ceases it must be stirred and sometimes the water must be cooled, that the fish may stay alive. Another reason of course, the warden said, was because so little expense was incurred in using the fish as baggage, the cans even being returned free.

2,500,000 Fish Distributed From the two state fish hatcheries, one at Medicine Park and the other near Caddo, 2,500,000 young fish were distributed to more than 1,000 persons in Oklahoma this year, Watt said.

During the past year, 550,000 black bass were distributed, while the total number of fish included yellow perch, croppie, sun fish, rock bass, catfish and blue gills.

At the hatchery at Caddo modern methods of propagation are used, and trout and pike salmon are prop-

agated. Incubators are used for the remainder of the small fish, it was said, but channel catfish, however, may not be raised except in running streams and consequently few are kept at the hatchery.

Black bass also can not be propagated by incubation. They are hatched naturally at the Medicine Park reserve, now in charge of C. K. McDonald who for several years had charge of the fish hatcheries in Colorado and before coming to Oklahoma was in charge of the federal hatchery at Neosho, Mo. He spent five years studying fish lore in various universities of America, also, he said.

There probably will be a total of 600,000 black bass distributed thru out the state this year, according to Watt. All these are raised in the four bass ponds at Medicine Park, less than one fourth an acre being taken for each pond.

The yellow perch, croppie, and rainbow trout have been introduced in Oklahoma since the establishment of the state fish hatchery at Medicine Park. From the two hatcheries all the streams in the state are stocked as they become "fished out."

Recently, 60,000 rainbow trout were obtained from the federal hatchery at Neosho, and placed in southern Oklahoma streams. A promise of 50,000 more such trout has been received, it was announced.

DOROTHY DALTON AT McSWAIN THEATER TODAY

Tense situations that have rarely been eclipsed in anything ever shown on the screen, brilliant acting of one of the most talented starts, accurate and vivid portrayal of the days of the gold rush to Alaska—these are some of the highlights of the latest Paramount picture, "The Idol of the North," which opens at the McSwain theatre today.

The story was written especially for Miss Dalton and it is apparent that the author knows her abilities thoroughly for he has given her opportunities like she had in "The Flame of the Yukon," a production in which she made a sensation some years ago. Miss Dalton is Colette Brissac, dancer in the main saloon and dance hall, Edwin August, re-membered from the early Edison and Griffith days, is her leading man. The picture is well worth seeing.

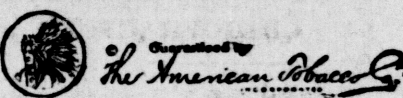

Special through August and September. Hemstitching 10c per yd. All kinds of pleating done by Mrs. Geo. Harrison over Rollow Hardware Corner Main and Broadway. 8-2-1mo

Cigarette

No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

TWO NOTED GUESTS ARRIVE VISITING THE McSWAIN

Mr. St. Hopkins and wife Sis Perkins arrived in Ada today, to be present at the initial performance of the big Paramount feature, which opens today at the McSwain theatre. The star of the picture is "Dorothy Dalton" and the name is "The Idol of the North." The prices are 10 and 25c. Mr. Hopkins and Perkins made the trip overland in their "Lizzie" and are glad to be in Ada again. They wish to meet all their old friends tonight at the McSwain. No doubt you will get to see them today in the car driving over our beautiful city.

EILEEN PERCY IN ROLLICKING PICTURE

Eileen Percy, the William Fox star, is booked for the American theatre next Tuesday in a picture called "Maid of the West." It is a rollicking story of a western girl being "willed" into New York society circles, the big action centering around a pearl necklace which a crooked butler and a maid try to steal from the girl, but who find her western methods too much for them.

William Scott plays a Prince Charming in the guise of an aviator. Scott is well known to followers of Fox pictures.

BOY OF SIXTEEN INJURED IN AN ALLEGED HOLDUP

MUSKOGEE, Aug. 15.—Leonard Parrish, 16 years old, is in a hospital this morning not expected to recover from the effects of a pistol wound sustained in an alleged hold-up last night. Marvin Dold, 18, another boy believed to be Bill Arnold, and E. L. Cross, negro, are held in jail pending investigation.

Fall and Winter Suit Modes As Depicted from Paris to New York

There is little or no change in silhouette, but marked diversity and originality in the treatment and working out of details. Suits for the winter are featured with jackets in various styles, knee-length or longer. Straight, full box jackets opening over panel vests are conspicuous.

FURS FIGURE PROMINENTLY

All suits are extensively trimmed with cut work, with fur, stitching, or braid. Panels and wide yokes of fur figure conspicuously on coats of the more dressy types. Medium heavy silk hercules braids, narrow fancy silk braids, and metal braids are extensively used on suits in wool velours, gabardine, homespuns and bures as well as velvets.

FOUR DISTINCT COAT STYLES

Coats are in four distinctive styles. First, the long, full circular coat hanging loose from shoulder to hem. Second, the bloused or cape back coat, with belt at the hips across the front, and third, the fitted coat in redingote style with pronounced curve at the under arm seam. The fourth type of coat is built on straight lines with a long circular cape which covers the knees.

NEW FABRICS AND SHADES

Brown Veldyne and blue Tricorne figure prominently and promise to be two of the very popular materials. Meussyne, another new cloth that resembles Veldyne in weight and a high grade Duveltyne in appearance. This is one of the more dressy cloths and comes in Brown. Other featured fabrics are of course Serge and Tricotine, Evora and Orlando.

Prices lower than they have been for seasons,

HOWAT IS CALLED IN STRIKE PROBE SMALL'S CASE MAY LOSE G. O. P. HOLD

President of Mine Union Faces Executive Board at Indianapolis.

(By the Associated Press)
PITTSBURGH, Aug. 15.—Alexander Howat, president of the Kansas miners union, has been called before the international executive board of the united mine workers of America meeting at Indianapolis. The order for his appearance came from President John L. Lewis.

It is understood that Howat was called in connection with the investigation of the strike at the Dean Coal and Mining company plant which has kept the plant idle for four months. A committee of the international organization made an investigation and differences between Howat and Lewis at that time, several weeks ago, absorbed attention in mining circles.

The committee from the international board reported to Lewis that the Dean strike was unlawful. The summoning of Howat before the board is the first official action taken by the international organization in connection with the Dean strike since the investigation.

PRESIDENT ASKS FOR \$200,000 ON PARLEY

(By the Associated Press)
WASHINGTON, Aug. 15.—President Harding asked congress today for \$200,000 to defray expenses of the disarmament conference. The president transmitted a letter from Under-Secretary Fletcher to Director Dawes of the budget bureau showing the amount needed and also transmitted an official copy of the invitation to the nations to participate.

CITIES MAY GET INSPECTION FOR MEAT SUPPLIES

(By the Associated Press)
OKLAHOMA CITY, Aug. 15.—Recommendations for a meat inspection service for every city of more than 10,000 population in Oklahoma, have been made by John A. Whitehurst, president of the state board of agriculture. These inspections by competent men, he explained, will insure the state against the curbing, handling, and sale of infected meats. At the beginning of this year, in many packing plants it would have been possible for officials to unknowingly permit the sale of tuberculosis infected meat, while the plan he proposes would eliminate the chance for such a sale, Mr. Whitehurst said.

There are no funds in the state treasury available for the hiring of a competent inspector, Mr. Whitehurst said, but he has expressed his willingness to co-operate in every way with cities wishing to hire an inspector qualified to judge the quality of meats by a post-mortem examination.

There is a small fund available which if matched by some of the larger cities in which packing houses are supported, might provide a competent meat inspection protection for the people, according to Mr. Whitehurst.

FOR MEN

When your brain is dull and you cannot hold your own in a test of wit among your fellows, it means your liver is torpid and your stomach and bowels are full of bilious impurities. To brighten up your mental faculties and make you feel right, Prickly Ash Bitters is the remedy you need. It clears the brain and braces the body. Price \$1.25 per bottle. Sold by Gwin & Mays Drug Co.

Allegory Hits Croakers.

Across the editorial desk from some unremembered source came a little bit of French allegory, says a writer in the Kiwanis Magazine.

A portrait painter sat in his favorite cafe sipping his wine. His first small bottle finished, he was about to order more when his eye fell on a headline in the Figaro, "Hard Times Are Coming," so instead of ordering his usual second bottle he called for his check.

"Is there anything wrong with the wine?" asked the landlord.

"The wine is good, but I did not order a second bottle because hard times are coming and we must economize," explained the artist.

"Hard times?" said the landlord. "Then my wife must not order the silk dress we planned, but must take one of cotton."

"Hard times?" repeated the dressmaker, when the order was cancelled. "This is no time to expand. I must not make the improvements I had planned in the place."

"Hard times, eh?" said the builder, when the dressmaker cancelled the building plans. "Then I cannot have my wife's portrait painted."

So he wrote to the artist and cancelled his order.

After receiving the letter the artist went again to his favorite cafe and ordered a small bottle of wine to soothe him. On a nearby chair was the paper in which he had read of hard times two days before. He picked it up to read more closely and found it was two years ago!

For two bits the News can rent a house for you. For a dollar it can sell a farm. For five dollars it can get you anything or sell anything. Try it.

Indictment of Governor Is Thought to be Heavy Blow on Party.

SPRINGFIELD, Ill., Aug. 15.—A wound has been opened here in the Grand Old Party that may have a bearing not alone on state politics but carries with it the possibility of changing the color of the national situation.

The opening of this wound dates back some few months before it leads to the present day, when at this writing the Governor and Lieutenant Governor of Illinois are under indictments charging conspiracy to defraud and embezzlement of state interest funds when they served as Treasurer of the State.

Friction in the republican party in this state started previous to the Republican National Convention in Chicago, when William Hale Thompson and his eighteen followers bolted and refused to vote for Frank O. Lowden as the Republican nominee for president.

At the state election which followed the Thompson-Lundin faction triumphed and had their candidate, Len Small, placed in the governor's chair at Springfield. Things proceeded smoothly—moderately so at least—until the closing days of the Fifty Second General Assembly.

Charges were made by Lowden Republicans and members of the Democratic party in the house that the administration was attempting to force through its legislative program by tendering patronage favors. The smouldering remains of the convention breach were being fanned.

Several of the administration's pet projects died in the last few days of the legislature, and the governor sought vindication with the Lowden republicans when it came to approving appropriations made to the heads of various official branches. Huge slices were cut from all, including \$450,000 made to the attorney-general for enforcing the new state prohibition act. In a statement the governor charges that it was his belief the money would have been used by the attorney general for building up a political machine.

Coals on the Fire

This throw hot coals on the smouldering ashes, and the fan was applied with added zest. Attorney General Brundage called in his political aides, held a conference and then asked the Sangamon County Circuit Court to hold a grand jury investigation of manipulations during the terms as treasurer of Governor Len Small and Lieutenant Governor Fred E. Sterling.

The grand jury returned indictments against both and also Vernon Curtis, a Grand Park banker and brother of the late Senator H. C. Curtis. The indictments charged embezzlement and conspiracy to defraud in the handling of interest money received in the loan of \$10,000,000 made from the state treasury.

This laid the wound wide open. Vitriolic verbiage emanated in statements from the two political factions. Governor Small charges his indictment to the big money interests and traction barons who were seeking his political assassination. The other side charges the governor with attempting to cover up dodging about the counter charges instead of facing the indictments.

Can Wound Be Healed?

The question now arises as to whether during the three and one-half years remaining in the Small administration this wound can be healed? Can two political factions get together after fighting each other with such bitterness?

If not, what will be the results? As the darkey says, "things have done gone democratic" which would mean that one of the largest republican states in the union would be slipping away from the grand old party and this is no small item when you begin to calculate its effect on national politics.

Illinois has long been a republican state, and never in the memory of the old politicians has the democratic party ever had the opportunity it is now afforded to grasp the reins of political power.

TRIBE SUBMITS LAST CLAIM FOR PAYMENT

MUSKOGEE, Aug. 15.—The executive committee of the Cherokee Indian tribe was to meet in Muskogee today at the call of Chief Levi Gritts of this city, to hear the report of Frank J. Boudinot, tribal attorney, on the claims of the tribe against the United States government, in event the jurisdictional bill is passed by congress. The claims amount to \$15,150,000 and involve what is represented as the final settlement of the tribe with the government.

Briefly the claims include: Lands in Beaver, Texas, and Clin-

arron counties, with the estimated claim value at 3,700,000; rental of six million acres of land known as the "Cherokee Strip Leases" west of the Osage nation, claim estimated at \$800,000; Freedman's claims, aggregating \$4,500,000. These claims are for lands the federal government is alleged to have taken from the tribe for participation of some of its members in the cause of the Southern Confederacy. For amounts alleged to have been taken by the federal government from the tribal funds, between 1902 to 1918, \$1,500,000; allotments for new borns, \$4,500,000; interest of 5 per cent for years as part of the East Cherokee controversy, \$914,000; payments due 160 intermarried white, \$85,000; payments to Wallace roll negroes, \$75,000; payments to 1701 members but non-citizen negroes, \$500,000; interest on outlet fund, \$250,000; reservations due for Cherokee streams, \$100,000.

The purpose of the meeting is to approve or disallow the claims of the attorney. These claims already have been approved by the Ka Too Wah society, an organization of full-bloods. The committee also is expected to make a recommendation for the appointment of a vice-chief to succeed the late Levi Cookson, of Cookson, Okla.

FOUND

FOUND—Dun colored mule at my place 2 1/2 miles northeast of Ada. Owner can have same by paying damage and taking care of mule. Brand X-1. Steve Townsend.

Stories of Great Scouts

By Elmo Scott Watson

THE HEROIC DEED OF "OLD MAN" RICHARDS

One of the hottest Indian fights in frontier history was the Battle of Adobe Walls in the Texas Panhandle in 1874. The Adobe Walls consisted of several huts, and two or three stores surrounded by a stockade, and it was headquarters for a party of hunters who killed buffaloes. The Indians saw with dismay the destruction caused by the white men. They resolved to destroy the Adobe Walls and kill the hunters before they had wiped out the vast herds of bison. Early on the morning of June 27 a war party of Comanches, Kiowas and Cheyennes, under the leadership of Chief Quanah of the Comanches, swept down upon the Adobe Walls. The buffalo hunters were awake, however, and as the Indians charged the white men with their heavy Sharps buffalo guns poured a deadly fire into their midst. The Indians attacked again and again, but each time they were beaten back with heavy loss. Nor did the hunters escape unharmed. Three of them were killed in the first attack, and in one of the stores a young man named Thurston was shot through the lungs. Presently his cry of "Water! Water!" was heard above the din of fighting.

The nearest water was 50 yards away, where a pump stood in the unprotected open. In this same store was an old scout called "Old Man" Richards. He heard young Thurston's cry.

"I reckon now," said "Old Man" Richards, "I'll go fetch a bucketful." He took a bucket and tossed it through the window. A frightened dog that had been hiding near by followed him, whining. Indian bullets cut up the ground all about them. The pump was slow. It took two minutes to get the water started from the sun-cracked spout. The pump was struck a dozen times as Richards worked the handle.

He pumped on without raising his head. The dog was shot down at his feet. A bullet tore his hat from his head. Still he pumped on. At last the bucket was filled. He picked up his hat, placed it on his head, took up the bucket and brought it back to the store without spilling a drop. There was not a scratch on him.

"It's sure some hot out there in the sun," said "Old Man" Richards as he gave the dying Thurston a drink. Picking up his rifle, he took his post at a window again without indicating by word or act that he knew he had just come out of the jaws of death.

The man who invented a want-ad was on to his job. It is the quick road to results. Try one.

The following advertisements are handed in by the Red Cross. The persons are, therefore, worthy and needy.

Mrs. Rosa Petty, 408 West Twelfth Street, wants washing, must have it, six children to support; will wash and iron for 75c per dozen; work guaranteed.

Mrs. Keith, 731 West Fifth street, has aged father and mother and two children; must have work; will wash and iron for 75c per dozen.

New Prohibition Head Here Figured in Many Thrillers

Announcement today of the recommendation of T. E. Brents for appointment as head of the prohibition enforcement division of Oklahoma recalls many stirring and interesting bits of history, which have meant much to the state and the prohibition movement. Mr. Brents has been connected with the bringing to conviction of some of the strongest bands of conspirators, whisky men, outlaws, and bootleggers in history and hundreds of interesting incidents mark his career. He has more than 2,000 individual liquor cases to his credit.

Among the more important cases was the Creekmore conspiracy case, conviction of Bill Creekmore being made possible by evidence gathered by Brents. The Keystone case at Keystone, Okla., was another noted case in which Brents figured prominently. This place was said to be the inlet to the Old Indian territory. Settlement of the Bond-McKnight case at Shawnee was also brought about through efforts of Brents. It was in June, 1917 that Ben Bond, Clarence Squires, Frank Cole, W. B. Grant, Charles McKnight, Albert Kerskwoltz and others were sentenced on conspiracy charges.

Opened First Court. He organized the first district court here which convened on the fifth day of December, 1902, and remained head of it until the territory was admitted to the union in 1907, holding his last day of court on Oct. 14 of that year. He made his first appearance in this country from Sherman, Texas, in 1887, being connected with the federal forces since 1891.

Mr. Brents has letters of congratulations, recommendations and commendations from superiors from all parts of the country. He has received letters of recommendation from friends in London, England, Honolulu and every state in the union, dating back many years. His work with the department for the suppression of the sale of liquor among Indians, under the direction of the Director of Indian Affairs at Washington, has made him well known at the nation's capital as well as over the entire country.

Friend of "Pussfoot." He is a friend of the noted William E. (Pussfoot) Johnson, having served under him for several years. Johnson has been high in his praise for the service rendered by Brents while under him. Brents is a registered pharmacist, having licenses in both Oklahoma and Texas. He has also been admitted to the bar in Oklahoma and has admission to the bar open to him in 18 other states. He practiced law in the United States supreme court.

In discussing his recommendation for the new office today Mr. Brents said, "I intend to give the best in me to the new work. I have always done my best, and I will continue to do so. I have pledged myself to Mr. Meaders to give the best in me and I will not break it."

If he is appointed it will not only be a much more important one than he formerly held, but will also mean more in a financial way.

MARKET CENTERS ARE OPTIMISTIC

M. C. Wilson, Brings Cheer-ing News From Marts of Trade.

M. C. Wilson of the Stevens-Wilson company has just returned from St. Louis, Chicago and other market centers where he has been buying fall and winter goods. When questioned today as to the business outlook in those centers, he said that most of the business men are optimistic over the business future. It is the general belief that all staple farm products and manufactured articles have reached the bottom and that business is now on a sound foundation. While they do not look for war time prices any more, they do look for a general business revival and the trend will be upward, particularly for farm products such as cotton, corn, and cattle.

Mr. Wilson returned to Ada with a more pronounced feeling of optimism and with greater confidence in the future. He believes this section will revive just as rapidly as any section in the country.

Don't suffer the misery of indigestion when you can get relief from Prickly Ash Bitters. It eases pain and drives out badly digested food. One dose does the work. Try it. Price \$1.25 per bottle. Gwin and Mays Drug Co.

Gives Special Concert. The Larry Conley orchestra of Dallas, which played for the Elk dance here Saturday night, gave special numbers at Drummond's drug store Saturday and Sunday afternoon. Members of the orchestra are friends of N. G. Jones, of the Drummond store. The orchestra left last night for Henryetta, Tulsa, Okmulgee and McAlester.

In The Oil Fields

Estimated production in the fields of the Mid-Continent at the close of the past week was as follows: North Louisiana, 65,355 barrels; Arkansas, 72,000 barrels; Oklahoma, outside of Cushing, Shamrock and Healdton, 229,500 barrels; Cushing and Shamrock, 26,500 barrels; Healdton and Hewitt, 67,500 barrels; total, 731,410 barrels, a gain of 10,730 barrels in comparison with the preceding week.

The estimated daily production of heavy gravity oil in the Gulf field was 101,660 barrels. The Mecca well, near Stonewall, is reported to have struck an oil sand this morning at 995 feet. Drilling progressed 10 feet in the sand and the company now has a fishing job. Drillers are waiting on a new line of cable.

Transcontinental well, in the NE 1/4 of Section 14-5-4, has a fishing job today.

Miami Bank Reported Closed Today and Is Under State Examiner

(By the Associated Press) MIAMI, Aug. 15.—The Miami State Bank with a capital stock of \$50,000 did not open for business this morning. A notice on the door advised that it was in the hands of the state examiner.

Walter E. Lindsay, assistant cashier, authorized a brief statement to the effect that plans were under way for the reopening of the bank with no loss to anyone except the stockholders of the bank. The bank officials, he said, had been given to understand that there would be only a few hours delay in the opening of the bank. Deposits at the close of business on June 30, 1921, the published statement showed, aggregated \$318,466.

POLICE RAID NETS NEW QUANTITIES OF CHOC

Police were successful in getting another small quantity of "choc" in a series of two raids made Saturday night and Sunday. Several gallons of the "yellow water" was found in the home of Minerva Howard, officers said. Other quantities were found hidden in the alleys. Warrants have been issued for the negroes who will be prosecuted. Mayor Kitchens said early today. She will be charged with unlawful possession.

J. E. Williams, secretary of the Merchants' Credit Bureau, left today for Houston, Texas, where he will attend the annual convention of the Retail Credit Men's National association. Mrs. Williams will have charge of the office while he is away.

OKLAHOMA DAY GIVEN VISITORS IN COLORADO

COLORADO SPRINGS, Aug. 15.—Oklahoma Day, honoring summer visitors from Oklahoma, was celebrated here Sunday. Exercises were held in Acacia Park with more than 300 Oklahomans present to participate. The principal address of the affair was made by the Rev. R. L. Owenby of Oklahoma City.

When there is hard work to do in hot weather Prickly Ash Bitters proves its worth as a stomach, liver and bowel purifier. Men who use it stand the heat better and are less fatigued at night. Price \$1.25 per bottle. Gwin and Mays Drug Co.

"I tell you the News want ads certainly bring results," is a statement made every day to the advertising department. Are you getting your share of these results?

GOVERNOR'S THREE SONS PLAY ON SAME MINOR TEAM

The three Taylor brothers and their positions. Alfred (left), pitcher and outfielder; David H., catcher and manager (center), and Robert Taylor, third baseman.

Gov. Alf A. Taylor of Tennessee is perhaps the only chief executive in the world and one of the few dads in the country who may boast three sons in organized baseball and all on the same club.

"The Taylor boys," as they are familiarly known over the Appalachian league circuit, form the

backbone of the Johnson City, Tenn., league leaders. All three began their baseball careers at Milligan college, upper East Tennessee.

er. Fain flew out to Birmingham. No hits, one error; no runs.

Fourth
Weleetka—Fife struck out. Mealy was safe when Cover let the third strike get by him. Moore drove a liner to P. Waner, who doubled Mealy at first. No hits, one error, no runs.

Ada—Taylor went out. Moore to Rice. Rutledge struck out. Young singled and went out stealing. One hit, no runs, no errors.

Fifth
Weleetka—Caudle hit to MacMillan who dropped the ball and stole second. Rice flew out to P. Waner. Robison struck out. Caudle went to third and attempted to stretch it into a run when Cover threw wild. R. Waner made a phenomenal one hand catch and threw to the plate. Cover touching the runner out with room to spare. No hits, one error, no runs.

Ada—P. Waner was out. Robison to Rice. Sparks was safe on Rice's error. Cover hit a home run, scoring Sparks ahead of him. MacMillan was out. Moore to Rice. R. Waner whiffed. One hit, one error two runs.

Sixth
Weleetka—Birmingham was safe on Young's error. Skinner was safe on P. Waner's error. McWilliams attempted to sacrifice, forcing Birmingham at third, P. Waner to Young. Fife struck out. Mealy was safe on Young's error. With the bases full Moore laid down a bouncer to Rutledge. P. Waner covered the bag and the third man was down. No hits, three errors, no runs.

Ada—Fain fanned. Taylor singled between first and second. Rutledge hit to second, forcing Taylor. Young singled through second. R. Waner was out. Robison to Rice. Two hits, no errors, no runs.

Seventh
Weleetka—Caudle singled over first and stole second. Rice fanned, and Robison and Birmingham repeated. One hit, no errors, no runs.

Ada—Sparks fanned. Cover walked. MacMillan forced Cover at second and took the base on the wild throw to first. MacMillan was called out on account of Cover's interference. No hits, no errors, no runs.

Eighth
Weleetka—Skinner flew out to Robison who had replaced Sparks. McWilliams was out. R. Waner to Rutledge. Fife struck out. No hits, no errors, no runs.

Ada—R. Waner flew out to Skinner. Fain was out. Fife to Rice. Taylor was safe on Fife's error. Rutledge singled. Young flew out to Mealy. One hit, no errors, no runs.

Ninth
Weleetka—Mealy walked. Moore flew out to Fain. Caudle flew out to Roach. Rice singled through short. Robison doubled, scoring Mealy. Birmingham struck out. Two hits, no error, one run.

SUMMARY—Stolen base, Young. Caudle; two base hits, Robison; home runs, Cover; double plays, Taylor. Two hits, no runs, no errors.

Ada—Cover popped out to Moore. MacMillan flew out to McWilliams. R. Waner was safe when Fife failed to field an easy ground-

TURNER FALLS IS PICKED FOR TRIP

Second Detail of Scouts to Leave Early Friday Morning.

Boy Scouts of Ada who were unable to make the first outing will leave Friday morning at 7:30 by county truck for Turner Falls, in the Arbuckle mountains, to spend four days camping and fishing, according to announcements made this morning by Harry W. Miller, scout executive.

The boys probably will return the following Monday. All who wish to make this trip have been asked to come to scout headquarters and sign up at once.

A list of articles each Scout will need at Turner Falls was made up by Mr. Miller today. It includes one large sized can of condensed milk, 1 can corn, 1 can tomatoes, one can peaches, 1 can apricots, one can chili and beans, or pork and beans, 10 slices of bacon, 8 eggs, 6 potatoes, 2 onions, one-half cup Lipton's instant cocoa, 3 cups corn meal, 1 package post toasties, medium size, 2 comforts or blankets, a cot, 2 towels, tooth brush, comb and brush, bar of soap and something to keep off chiggers and mosquitoes. Each Scout will pay \$2 into the treasury to cover incidental expenses.

Two men will accompany Ada boys on this trip. Scouts are asked to bring their equipment to scout headquarters Thursday afternoon or evening and must be provided with a lunch to eat on the way to Turner Falls.

BYNG MAN ARRESTED AFTER DRAWING GUN

After beating Tom Jones, a storekeeper at Byng, to the "draw" Deputy Sheriff Henry Whitson and J. B. Chapman and Chief Enforcement Officer Ed Brents, searched the store for liquor and brought Jones here where he was placed in the county jail on a charge of illegal possession.

The raid was made by the three officers Saturday night and about eight quarts of whiskey were found in jars stored in the place of business, according to officers. Jones, it is reported, drew a gun and offered fight when the sheriff's men entered the store but was soon overpowered. Charges against him will be filed in county court.

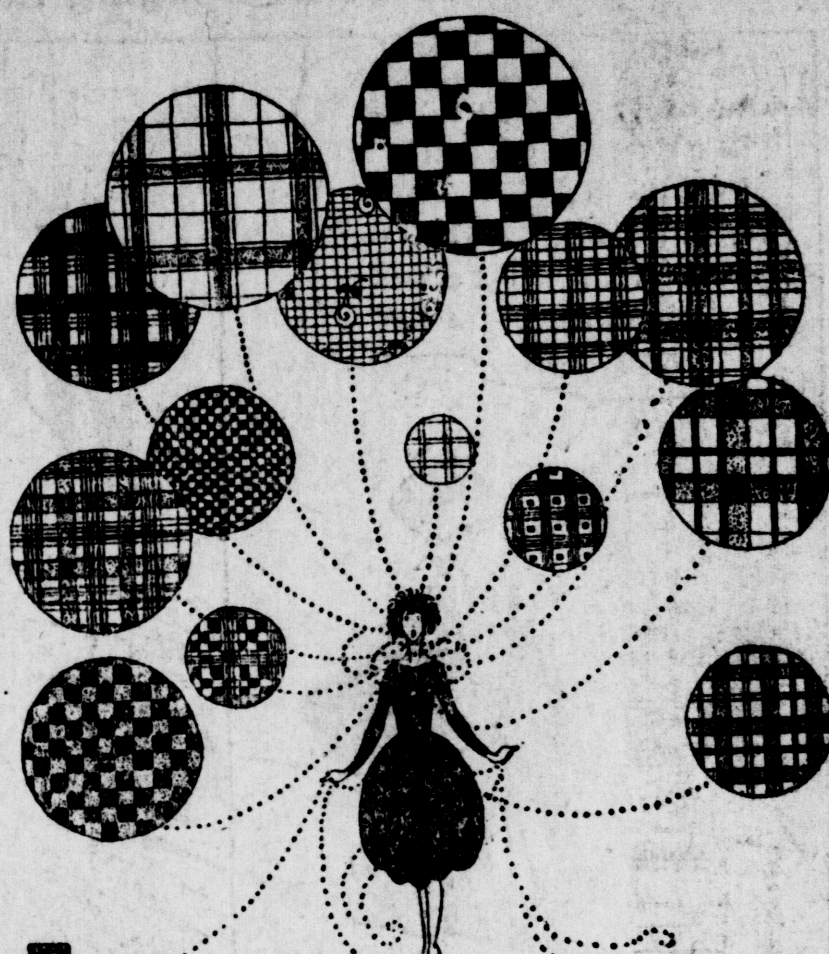

MARRIAGE LICENSE

Cecil Morton, 18, Ada, and Miss Mattie Kitt, 18, Ada.
Lennie Cassidy, 23, Ada, and Miss Emma May Dodd, 22, Ada.
John Choat, 22, Ada, and Miss Nellie Akin, 21, Ada.
The first couple was married yesterday by Rev. Elvin Thompson, of the Church of God here.

NEGRO CHARGED WITH BREAKING INTO WORSHIP

Dick Black, a negro who lives west of Ada, was landed in the county jail at an early hour this morning by Deputy Sheriff J. L. Chapman on a charge of interrupting a religious meeting and beating his wife.
Black is alleged to have followed his wife to a Holiness meeting, broken into the services to secure her, and to have whipped her after they left the meeting.

RAILROADS ARE ASKED TO CUT STOCK RATES

(By the Associated Press)
WASHINGTON, Aug. 15.—Freight rates on live stock in the western and mountain Pacific territory were found by the interstate commerce commission today to be not unjust and reasonable, but the commission suggests to the railroads that the present rates be cut, the reduction not to be less than 50c a hundred pounds. Rates as suggested may be published to become effective on not less than five days notice, the commission said.

McMILLAN BOUND OVER ON CHARGE OF ASSAULT

Clarence McMillan was bound over to the district court this morning under \$500 bond by Justice of the Peace H. J. Brown on a charge with assault with intent to kill Alonzo Franklin, at Jack Fork, on June 19.
McMillan was making arrangements at noon to furnish bail. He is alleged to have met Alonzo Franklin on a railroad track near where the two men live and to have opened fire with a revolver.

DEADLOCK REACHED IN RUSSIAN RELIEF WORK

(By the Associated Press)
RIGA, Latvia, Aug. 15.—A deadlock was reached today in the negotiations relative to American relief for Russian famine sufferers between the American relief administration and Maxim Litvinoff, acting on behalf of the soviet famine relief committee. Action by Washington and Moscow will be necessary to decide the issue, it is stated.

SUFFERED SEVEN LONG YEARS

Finally Relieved by taking
**Lydia E. Pinkham's
Vegetable Compound**

Ravenswood, W. Va.—"For seven long years I suffered from a female trouble and inflammation so that I was not able to do my housework. I consulted several doctors but none seemed to give me relief. I read in a paper about Lydia E. Pinkham's Vegetable Compound so I decided to try it, and before the first bottle was gone I found great relief so I continued using it until I had taken eight bottles. Now I am very well and can do my own housework. I can gladly recommend Lydia E. Pinkham's medicine to suffering women."—Mrs. BERTHA LIERING, R. F. D., Ravenswood, W. Va.

The ordinary day of most housewives is a ceaseless treadmill of washing, cooking, cleaning, mending, sweeping, dusting and caring for little ones. How much harder the tasks when some derangement of the system causes headaches, backaches, bearing-down pains and nervousness. Every such woman should profit by Mrs. Liering's experience. Remember this, for over forty years Lydia E. Pinkham's Vegetable Compound has been restoring health.

AGED PAIR WALKS FROM TULSA INTO EAST SAINT LOUIS

(By the Associated Press)

EAST ST. LOUIS, Ill., Aug. 16.—The Salvation Army officers are today caring for Andrew Stewart and wife, Mary, both 80 years old, who told them they walked from Tulsa, Oklahoma. The aged couple arrived yesterday and according to Stewart they are on their way to Springfield, Illinois, where friends have promised to aid him in obtaining entrance to the old soldiers' home at Danville, Illinois.

"WITCHING HOUR" IS AT MESWAIN TODAY

When we are enabled to offer our patrons a Paramount picture produced by William D. Taylor, we deem ourselves fortunate. We are pleased therefore, to announce the display at this theatre today of "The Witching Hour," a superb picture of Augustus Thomas' celebrated play. This is a delightful story, filled with dramatic situations of the greatest interest and thrills aplenty. From every other standpoint, the production is one of the most remarkable shown at this theatre this season.

The company of players appearing in "The Witching Hour" is a brilliant one and it is headed by Elliot Dexter, a popular leading man. Then there are Mary Alden, Winter Hall, Ruth Renick, Robert Cain, Edward Sutherland and others who are well known to discriminating screen fans. We need not remind you that this is an attraction of deluxe and that if you miss it, you will be the loser.

STONEWALL MAN HELD FOR DISTRICT COURT

G. C. Walker, Stonewall, was bound over for trial in the district court of Justice of the Peace H. J. Brown yesterday following a preliminary hearing on a charge of disposing of mortgaged property. His bond was set at \$750 and Walker made bail.

Harrison Davis, Tupelo, charged with the larceny of a pistol, was freed by Justice Brown because of lack of evidence introduced by the state in his preliminary.

"THE ADVENTURER"

IN SOLE

Prophetic Window-Lights.
Low roofs athwart the vastness of the sky.
And through the dark
Windows, that leap to light definitely.
Spark after spark.

Fireflies against a canopy of cloud.
Futile and small.
With the unheeding waste of heaven bowed
Over them all.

Fragile as sparks that dying flames upfling:
Yet none the less
Torches of empire, lightly challenging
The wilderness.

Man, pigmy builder of prophetic fires
In lonely lands.
Shapes the unfettered wild to his desires
With conquering hands.

Until the desert shimmers into bloom;
Until the light
Breaks with sudden glory through the gloom
Of ultimate night.

Slowly, across the vast horizon's rim
As man creeps on.
Pioneer fires, with light that shall not dim,
Herald the dawn.

And where the desert stretches stark and far
Against the sky,
I see in every window-light a star
Of prophecy.

—Ted Olson.

Green-Anderson Wedding

Lawrence Green, son of Mr. and Mrs. C. F. Green, of 700 East Main street, and Miss Johnnie Anderson, daughter of Mr. and Mrs. W. F. Anderson, 722 South Broadway, were quietly married by the pastor of the Methodist church at Roff last night. The marriage ceremony was performed at Roff because of the absence from the city of Rev. R. C. Taylor, pastor of the First Methodist church here.

Both of the young people are well known in Ada. Mr. Green has been employed in his father's law office for several years and is studying for admission to the bar next December. Mrs. Green is well known in musical circles here having spent much time in study and public appearance. They will make their home with Mr. Green's parents. The bridegroom expects to take up the practice of law in partnership with his father when he has been admitted to the bar. He will be assisted by his wife in studying for his profession.

Misses Alta Marsh and Ella Hall and Messrs. Bill Byrd and Fred Clark were guests of Mr. and Mrs. Gilbert Jenkins of Sulphur at a week-end house party. Mr. and Mrs. Jenkins only recently made Sulphur their home.

Miss Hazel West returned Sunday afternoon from an extended trip in Oklahoma, Kansas and Missouri. Joining friends in Oklahoma City, she went by auto to Joplin and Neosho, Missouri, Gelema, Kansas, and other points of interest. She reports a delightful outing but is glad to be back with her Ada friends.

Fred Faunt Le Roy is home for a visit after spending several months on the road with the Henry Roquemore vaudeville company. His company is now at Springfield, Mo., and will go north for a year. Fred's many friends here are glad to see him again.

A. D. Coon and family are back after a stay of a week at Medicine Park. They were joined on the outing by relatives at Chickasha. Mr. Coon says the fish are biting viciously at the lakes and that they had all the fish they could eat.

Mr. and Mrs. A. M. Bailey and children and Mr. Bailey's mother, Mrs. J. E. Bailey, have returned to Ada after spending ten days in Sulphur vacationing.

Mrs. T. D. Wilson and son, Master Jack Wilson, of Detroit, Texas, are visiting Mrs. Blinn and Miss Epperson at 601 South Broadway. They will be here several days.

Mrs. Marvin Brown is spending the week in Sulphur. She will remain there for the remainder of the vacation period.

Mr. and Mrs. Jess Elheart left yesterday afternoon for Oklahoma City where they will spend a week visiting relatives and friends.

Miss Ella Mae Beardon of Harrah, Okla., is here visiting at the B. F. McCauley home. She will be here for several days.

F. J. McFarland has returned from Claremore where he spent a few days on pleasure.

A. M. Bailey and family are back home after a ten days' outing at Sulphur.

Miss Grace Villines of Sulphur was here for a short visit this week.

Rates for Classified Ads
Rates for classified advertising in this department are 15c per word for each insertion when more than one insertion is made; a minimum charge of 25c for one insertion only when 17 words or less are used. Copy must be in the office by 9:00 a. m. to insure proper classification. All want or classified ads must be accompanied by cash—the advertising of this class will be accepted unless paid for in advance.

SHE MAKES HOUSES, MAPS AND BRIDGES

Miss Mabelle H. Pearce, architect and civil engineer, is said to be the only woman engineer in Minneapolis. Although she attended the University of Minnesota she did not study engineering. She started out as a cartoonist and illustrator and became an engineer after gaining all her knowledge through practical experience in a drafting room of a steel fabricating plant.

EIGHT BIG DAYS AND NIGHTS

STATE FAIR STARTS BIG SCHEDULE SEPT. 24

Special Days Sprinkle Octette of Red Letter Dates Jammed With Painless Education and Fun

The daily amusement and judging program of the Oklahoma state fair and exposition has been announced by I. S. Mahan, general manager. The fair opens at Oklahoma City Saturday morning, September 24 and ends Saturday night, October 1.

Saturday afternoon, grandstand attractions of vaudeville, auto polo and Emerson's aerial circus opens and continues each afternoon of the fair, except Sunday. There is no evening grandstand performance on Saturday. On Sunday the exhibit buildings are open and there will be sacred concerts.

Beginning Monday evening the eight grandstand program will consist of hippodrome acts, presentation of the fireworks spectacle, "Montezuma," or "The Last Days of the Aztecs," fireworks display and phosphorescent aerobatics.

Daredevil aerobatics will be a feature of each afternoon program which will include auto polo, vaudeville acts and either auto polo or running races. Automobile racing will be held on September 24, 28 and October 1. Running horse races will be held Sep. 26, 27, 29 and 30.

Special days and judging events are:

Saturday, September 24.—Automobile Day. 9 A. M.—Judging of domestic science, fruits, flowers, dairy. 10 A. M. to 4 P. M.—Babies' Health Conference. Meeting Oklahoma Postal Highway Association.

Sunday, September 25.—Soldier's Day. 9 A. M.—Judging contest, poultry, county exhibits. 10 A. M. to 4 P. M.—Babies' Health Conference. 1:30 P. M.—Judging of cattle and swine.

Tuesday, September 27.—Payne Bomber Day. 9 A. M.—Judging cattle and swine. 10 A. M.—Judging minerals, dairy, farm products, farm women's clubs. 10 A. M. to 4 P. M.—Babies' Health Conference. 1:30 P. M.—Judging cattle, swine, boy's livestock.

Wednesday, September 28.—Oklahoma City Day. 9 A. M.—Judging livestock departments. 10 A. M.—Judging boy's and girl's club exhibits. 10 A. M. to 4 P. M.—Babies' Health Conference. 1:30 P. M.—Judging livestock departments.

Thursday, September 29.—Berby Day. 9 A. M.—Judging livestock departments. 10 A. M. to 4 P. M.—Babies' Health Conference. 1:30 P. M.—Judging livestock departments.

Friday, September 30.—School Children's Day; Press Day; Boy's and Girl's Club Day; Shrine Day. 9 A. M.—Judging livestock departments. 10 A. M. to 4 P. M.—Babies' Health Conference. 1:30 P. M.—Grand livestock parade before grandstand.

Saturday, October 1.—Auto Day. 1:30 P. M.—Truck and Tractor Parade.

City Declares War on Littered Alley and Dirty Streets

Cleaning up of the alley behind Shaw's department store was one of the pieces of work which fell to the lot of the city sanitary officer today. The alley was littered with melon rinds and other trash placed there by unknown persons.

This rubbish was believed to have been thrown in the alley by campers who care nothing for the appearance of the city. The nuisance is not the fault of Shaw's store and has been protested by Mr. Shaw several times.

Complaints were made by several who saw the "mess" and authorities looked into the matter immediately. The parties leaving melon rinds in the alley could not be found and no definite information could be obtained. This is a violation of the city ordinance and must be stopped, officers said today. The health of the city is endangered when such stuff is left piled in alleys and other open places. Those who have been making a practice of leaving melon rinds or any rubbish piled about in the alley will be subject to prosecution. Strict attention will be paid by city authorities in regard to these matters.

U. S. Deputy Taken Away and Place Is Ended for Guthrie

(By the Associated Press)

OKLAHOMA CITY, Aug. 16.—The office of United States deputy marshal at Guthrie was discontinued today when Alva McDonald, United States marshal here, sent a letter to Deputy Marshal Amos Fwing at Guthrie informing him that the office had been abolished. Fwing was asked to come to Oklahoma City in the hope of being put on the force of deputy marshals here.

The office at Guthrie has been unnecessary for the last four years according to McDonald.

ALICE SEES NO WOMAN CAPABLE OF PARLEY JOB

(By the Associated Press)

WASHINGTON, Aug. 16.—Representative Alice Robertson of Oklahoma, the only woman member of congress, took particular pains when she called at the White House today to make it plain that her visit was not to urge appointment of a woman on the American delegation to the disarmament conference.

"Show me a woman in the United States who is qualified," said Miss Robertson, "and I might urge her appointment."

WAGE REDUCTIONS OF 25 PERCENT ARE SET

(By the Associated Press)

NEW YORK, Aug. 16.—Wage reduction of 10 percent for skilled workers and 25 percent for common laborers was decided upon today by the board of arbitration which has been considering the wage controversy between paper mill employees and employers in the United States and Canada. The new wage scale, which affects 12,000 workers, becomes effective Aug. 27.

BIDDING IS KEEN AT CAMP FUNSTON SALE

(By the Associated Press)

JUNCTION CITY, Aug. 16.—Approximately 2000 bidders were here this morning when the auction sale of buildings and equipment at Camp Funston opened. Advance estimates indicated that the section of Camp Funston to be sold will bring about a quarter of a million dollars.

MISS KNIGHT ENTERTAINS IN HONOR OF HER NIECE

Miss Kate K. Knight entertained a small number of guests at her home on East Ninth street last evening at dinner, honoring her niece, Miss Mamie Mims, who is here visiting. After dinner, games were played until a late hour.

Miss Mims, who has many friends in the city, will leave Wednesday for her home in Memphis, Tenn.

NO GRASS GROWS UNDER THE FEET OF THESE CLERKS

A total of 6650 chattel mortgages, or an average of more than 28 a day, have been filed by the county clerk's office since January 1, according to a statement made today by County Clerk Ritt Erwin.

And in the same period of time, 6,088 instruments have been taken in, recorded, and double indexed the report shows. This is in addition to about 3000 left on hands bringing the total instruments handled up to about 10,000.

In addition to this a number of certified copies of instruments have been made by the office and a mountain of other routine work turned out by the clerk's office. All this has been done by only a small force consisting of only the county clerk, who also meets with the county commissioners, and a force of four girls who are employed in the filing department.

No grass grows under the feet of assistants in the county clerk's office. When deeds and mortgages are sent into the office to be recorded, they are attended to and returned on the next day.

Since the first of the year, the office has felt the effect of a heavy boom that struck the county with the opening of oil enterprises and every department of the office was flooded with work.

"I do not take credit for this big bulk of work that has been turned out," Mr. Erwin said. "Had it not been for the fine co-operation of my office assistants this would not have been possible. Their system is like clock-work and the value of their harmony is great."

CHARGE FILED AGAINST MAN WHO SHOT PICKET

(By the Associated Press)

OKLAHOMA CITY, Aug. 16.—Owen Langseth, a non union printer who last night shot and slightly wounded F. H. Kirby, a union picket was turned over to the county today by city authorities to be tried on a charge of assault with intent to kill. The shooting occurred, according to Langseth, after Kirby had followed him home insisting that he join the union. Langseth called the police after shooting Kirby in the heel.

Fall and Winter Suit Modes As Depicted from Paris to New York

There is little or no change in silhouette, but marked diversity and originality in the treatment and working out of details. Suits for the winter are featured with jackets in various styles, knee-length or longer. Straight, full box jackets opening over panel vests are conspicuous.

FURS FIGURE PROMINENTLY

All suits are extensively trimmed with cut work, with fur, stitching, or braid. Panels and wide yokes of fur figure conspicuously on coats of the more dressy types. Medium heavy silk hercules braids, narrow fancy silk braids, and metal braids are extensively used on suits in wool velours, gabardine, homespuns and bures as well as velvets.

FOUR DISTINCT COAT STYLES

Coats are in four distinctive styles. First, the long, full circular coat hanging loose from shoulder to hem. Second, the bloused or cape back coat, with belt at the hips across the front, and third, the fitted coat in redingote style with pronounced curve at the under arm seam. The fourth type of coat is built on straight lines with a long circular cape which covers the knees.

NEW FABRICS AND SHADES

Brown Veldyne and blue Tricorne figure prominently and promise to be two of the very popular materials. Moussyne, another new cloth that resembles Veldyne in weight and a high grade Duveltyne in appearance. This is one of the more dressy cloths and comes in Brown. Other featured fabrics are of course Serge and Tricotine, Evora and Orlando.

THE FLAVOR LASTS

NEW STARS COMING IN SNAPPY PHOTOPLAY

A new pair of stars will be seen on the screen at the American theatre next Wednesday in a photoplay entitled "Live Wires." They are Edna Murphy, blue-eyed and fair-haired, and Johnnie Walker.

The pair have been elevated to stardom by William Fox because of their clever work in Fox productions. Johnnie is the hero, the fellow that gets all your sympathy and makes the big tears flow as you watch that wonderful Fox picture "Over the Hill," which has had nearly a year's run on Broadway, and long runs in other cities

throughout the United States. Edna also appeared in "Over the Hill." They are a clever pair.

Reports received here from Dun-can state that Tom Grant, who has been seriously ill at his home there for several days, was improving. E. H. McKendree, who spent several days there, has returned home.

"I tell you the News want ads certainly bring results," is a statement made every day to the advertising department. Are you getting your share of these results?

Want to buy a home? Turn to the want ads.

PLAN EXTENSIVE MOVING LIBRARY

\$5,000 Provided for Making Big Supply of Books Available in State.

(By the Associated Press)
OKLAHOMA CITY, Aug. 16.—Oklahoma library commission has completed orders for the purchase of \$6,000 worth of books, \$5,000 of which are to be used in swelling the state traveling library, which is made available to every family in the state, the secretary of the commission announced today.

The remainder of the \$6,000 fund is to be used for reference books which will be kept at the library headquarters at the state capitol, according to the secretary. In addition to traveling libraries, plans are now under way for a library in every school in the state, and an extensive campaign looking toward completion of this project is being planned by the secretary, with C. M. Howell state high school inspector.

The state traveling library, which sponsored the plan under which the extension library of the University of Oklahoma at Norman, is operating, now contains authoritative works on practically every vocation or occupation, from that of steam-fitter to housewife, and besides has several completed sets of works of fiction.

Every vocation is represented by persons making application for books, from every part of the state. The commission supplied families located in the farthest southwest county, and numbers two families in the farthest northeast county among its regular applicants. The service is entirely free.

It is the plan of the commission, according to the secretary, to make the traveling libraries the nucleus for libraries in every county seat and in every town of more than 100 population. The real work of the commission lies in the future, the secretary said. There are fourteen counties in Oklahoma without public libraries of any kind. The problem of the commission is to aid in establishing libraries there.

When a request is received for any book, it is likely that it will be repeated by any other family the volume is purchased, and becomes a part of the state traveling library, the only library of its scope in the southwest.

For two bits the News can rent a house for you. For a dollar it can sell a farm. For five dollars it can get you anything or sell anything. Try it.

Mrs. D. W. King Tells How Cuticura Healed Hands

"About three years ago my hands became rough and dry and the skin cracked open and bled. At times I could not bear to put them in water or do my work. They itched and burned so badly that I could not sleep at night. I was treated but nothing helped me. I began using Cuticura Soap and Ointment and in about a week I noticed an improvement, and after using three cakes of Cuticura Soap and two boxes of Cuticura Ointment I was completely healed, within a month." (Signed) Mrs. D. W. King, R. 3, Box 27, Westminster, So. Car.

Cuticura Soap to cleanse and purify, Cuticura Ointment to soothe and heal and Cuticura Talcum to powder and perfume are ideal for daily toilet purposes.

FORMER SOLDIER MUST GET PAPERS

Men Seeking Hospitalization or Training Should Have Affidavits.

Former soldiers who appear before the "mop-up squad" being sent through Oklahoma to aid them in obtaining hospitalization, compensation or vocational training must bring several important papers with them as evidence if they expect to obtain results. It is announced by Earle M. Simon, state adjutant of the American Legion.

The clean-up squad will start tomorrow at Woodward and after making about half of the counties of the state will be at Ada September 8 and 9 to hear cases from Pontotoc, Johnston and Coal counties. "All applicants must bring their army discharges," Simon said.

"If compensation or hospital care is desired, papers must be prepared and brought along to prove that the present disability of the soldier was caused by his service. If possible, a statement should be obtained from a physician that he examined the man immediately, or soon, after his discharge from the service and found the condition to exist. The doctor should state whether the disability was caused by service."

"If it is impossible for the applicant to obtain the physician's statement, he should obtain affidavits from two disinterested persons who know him. These should state that the soldier did not have the disability when he entered the army and that he did have it on his return. The statements should be detailed, giving incidents where known."

"In case applicant cannot obtain affidavits of that character, he should obtain a statement in affidavit form from one who knew him before entering service stating that the soldier was not troubled with the disease, and another affidavit from a different person who has known him since his discharge stating that the man has been sick or disabled since that time."

"Men desiring vocational training should have affidavits from their employers before entering service and since leaving the army stating what the man's disabilities were and whether he has been able to follow the same work as before."

Stories of Great Scouts

FREDERICK WILLIAM SCHMALSLE'S DARING RIDE

Down on the Washita river in Oklahoma one September day in 1874, Captain Lyman's company of the Fifth Infantry were fighting for their lives against 400 Kiowa and Comanche warriors who had surrounded the wagon train which they were escorting to General Miles' army.

That night Captain Lyman called for volunteers to make a dash through the Indian lines and ride to Camp Supply, 90 miles away, for help. The first to offer himself was Frederick William Schmalsle, a scout. Taking only a carbine and mounting the best horse in the command, Schmalsle slipped out of the corralled wagons and rode away. He was at once discovered by the Indians, and while urging his horse to top speed the scout rode into a prairie dog town.

The horse stumbled, nearly throwing its rider over its head, then recovered and sped on. Schmalsle had lost his hat and carbine in the tumble, and the Indians were gaining on him. They would have caught him, too, if he had not run into a buffalo herd, which immediately stampeded. Pounding low over his horse's neck the scout rode beside a big buffalo bull and succeeded in escaping the pursuing redskins. By this time he had lost all sense of direction. Finally reaching a stream which he recognized as the Canadian river, he knew he was headed in the right direction.

Recent rains had swollen the river to a torrent and an attempt to ford it in the darkness meant the chance of death from quicksand or floating driftwood. Deciding to wait until daylight, the scout began searching for a ford. Suddenly he heard dogs barking and knew he was near an Indian village. He must cross the river. Plunging in boldly he managed to reach the other bank in safety.

Daybreak found him in broken country covered with thickets and in one of these he hid all day, hungry and thirsty. At nightfall the scout, with the North star as his guide set out again. After riding all night, he reached a hay camp at Wolf Creek, 20 miles from Camp Supply.

Stopping here only long enough to eat and to get a fresh horse, Schmalsle sped on to Camp Supply, which he reached soon after noon. While the relief expedition was being organized the scout slept—for two hours—and when the soldiers rode away to the rescue of their comrades Scout Schmalsle led the way and guided them safely to the wagon train within the next 20 hours.

It is reported that the block recently paved on South Stockton avenue will be opened in a few days. Work at paving an alley in the block between South Townsend and South Stockton avenue has been started.

Camels are made for Men who Think for Themselves

Such folks know real quality—and DEMAND it.

They prefer Camels because Camels give them the smoothest, mellowest smoke they can buy—because they love the mild, rich flavor of choicest tobaccos, perfectly blended—and because Camels leave NO CIGARETTEY AFTERTASTE.

Like every man who does his own thinking, you want fine tobacco in your cigarettes. You'll find it in Camels.

And, mind you, no flashy package just for show. No extra wrappers! No costly frills! These things don't improve the smoke any more than premiums or coupons.

But QUALITY! Listen! That's CAMELS!

Camel

SNUFF CAN NOT RELIC OF PAST -- GROCERS STATE

What is the daily tobacco consumption in Ada?

The very lowest estimate of the amount of tobacco chewed, smoked and otherwise used in the city each day is startling. About \$300 is the average daily sale of tobacco, most of this being in cigars and cigarettes. This, it is said, is a low estimate

and does not include tobacco sold by the smaller stores in the outskirts of the city.

One confectionery and news stand in the city averages \$20 a day for cigars alone and there are several other places that sell about as much. Grocery stores report a big demand for snuff, declaring that many dollars worth of it is sold each week. This is the tobacco product used in smaller quantities than any other. One dealer declared that a "lot of snuffing was required to snuff the snuff he sold."

Cigar sales run high at several of the more popular cigar stands. A certain mild brand is the most popular, dealers say. Many buyers have their own cigar "pets" and make regular calls for them. In many cases, special orders are made for certain brands and cigars by the box are sold to local customers. Cigarettes of all brands sell fast, probably more being sold than any other tobacco product. Women are often included among the buyers for cigars. Very few care for the stronger cigar, however.

Evolution Is Rapid These Days

There never has been a time when conditions changed so quickly—when life bettered itself so consistently—when the inventive turned so readily to new things that better fill old needs.

Ne conveniences and comforts are coming in all the time. And the conditions under which all things are made and sold are subject to frequent alteration.

The rapidity of modern commercial evolution vitally affects us all. And especially it affects the purchasing power of our money.

Whether you buy little or much, in order to buy intelligently, you must keep yourself informed. You must know not only the goods, the styles, the varieties and the price, but you must also know where the goods are to be had.

There is only one way in which you can keep your information up to the minute.

Read the advertisements in this newspaper.

Merchants and manufacturers are advertising in the newspaper for your benefit as well as their own. The advertisements are messages from the business world to you. They tell you what is new in markets and stores. They inform you of all that the world of invention and discovery is doing to make your work easier, your home life more pleasant, your clothing and food problems less difficult.

Read the advertisements regularly!

In Earlier Days

In former times, when the town butcher or farmer himself dressed and cured the meat for the community, he could not always tell how it would turn out.

His methods were crude; partly traditional, partly guesswork. His tests were few and inconclusive.

Meat packing of today, as carried on by Swift & Company, has changed all that. It is scientific. Nothing is left to chance; nothing taken for granted.

The most painstaking care and attention are given to every step. Processes are worked out on a large scale with minute exactness. Methods are continually revised and improved. Cleanliness is insisted upon. Drastic, incessant inspections are the order of the day.

Swift products are uniform, graded according to quality.

Take bacon, for instance.

Swift & Company set out years ago to make a delicious, savory bacon which should be uniformly excellent.

The result is Swift's Premium Bacon, always the same, always famously good. Today this bacon, wrapped, sealed and branded, has circled the world.

Swift & Company's system of distribution carries it to places which the "town butcher" or the farmer could not reach.

Hoover Aid Sent To Riga to Meet Soviet's Agents

Walter Lyman Brown, of Los Angeles, European director for the American Relief Administration, will supervise the Russian famine relief which the Hoover organization has undertaken. Mr. Brown, who was ordered to Riga for the preliminary conference with the Russian emissaries, will direct the work from his London headquarters, 67 Eaton Square, just as he has child feeding operations in Central and Eastern Europe.

Mr. Brown is forty-four years old, a mining engineer and a graduate of the University of California. He engaged in mining work in this country, Alaska, and Africa, and has been associated with Herbert Hoover in relief work since 1915, when he joined the staff of the Commission for relief in Belgium. In August, 1916, he was placed in charge of the Commission's office in Rotterdam, port of entry for the vast quantities of food with which Belgium's 7,500,000 inhabitants were fed during the German occupation.

After the armistice, still at Rotterdam, he represented the American Relief Administration in supplying foodstuffs to a large part of northern Europe. Since August, 1919, he has been director for Europe of the American Relief Administration, whose New York headquarters are at 42 Broadway.

MME. CARPENTIER DOESN'T FEEL SAD BECAUSE GEORGES, BACK, LOST BOUT

Georges and Mme. Carpentier, photographed on board ship at Havre, France, on Georges' return from America recently.

Mme. Carpentier, smiling wife of Georges, defeated challenger for Jack Dempsey's crown, isn't grieving because her husband finished second best in his battle with the American. With Georges home again, Mme. Carpentier is happy. Just now the couple and their little daughter are enjoying a few weeks of vacation before Carpentier thinks about returning to the U. S. to tackle Tommy Gibbons.

SHE MAY CROSS CHANNEL ON CYCLE

Miss Zetta Hill on bicycle pontoon making a trial spin on the Thames.

Just about one year ago Miss Zetta Hill of London, England, tried to cross the English channel on a bicycle pontoon. She started from Dover and wanted to make Calais, but she met with disaster after being afloat almost one day. This year Miss Hill will try to accomplish the feat again, but she will use a vastly superior machine, capable of attaining a speed of six miles an hour, while her old one barely made two and one-half miles.

NEGRO BOUND OVER CHARGE OF BAD CHECK

Henry Franklin, negro, was bound over to the district court yesterday by Justice of the Peace W. H. Fisher on a charge of forgery. His bond was fixed at \$1000 and in default of bail was consigned to the county jail.

A check, purported to have been

signed by Morris Clark, was the principle evidence offered in the case. It was made payable to Etie Frazier and bore what was supposed to have been her indorsement. The woman denied, however, putting her name on the check or even seeing the instrument. The check was for \$2.60.

Let a News Want Ad Get it.

EXCISE BOARD AWAITS REPORTS FROM STATE

After being in session but a few minutes yesterday, the county excise board adjourned to await action of the state board of equalization on the valuation of county public service corporations and utilities, fixed by County Assessor Nick Heard in his new tax report.

Although the state board has approved the valuation set on both personal property and real estate in the county, it has not returned any decision on public service corporations of the state, it is understood, and probably will not report on these in Pontotoc county until the last of this week. The county excise board was promised yesterday, however, that final reports from the state board would be here by August 18 and the board will go into session again next Monday to determine tax rates.

One of the principle tasks to come before the county excise board at its meeting is trimming the city estimate to make it fall within the six mills limit. The estimate as submitted by city commissioners calls for approximately \$6,000 more than the millage limit will allow, it is understood. Just where the cut will be made has not been intimated.

Expenses of running an efficient city government to say nothing of meeting needed improvements made necessary the fixing of a high city estimate, Mayor Gary Kitchens explained.

TELLER DISAPPEARS AND \$75,000 MISSING, REPORT

(By the Associated Press.)
DENVER, Aug. 16.—Edwin A. Morse, 32 years old, head teller of the International Trust company here, has disappeared along with about \$75,000 in currency, it was announced today by John Evans, president of the institution. Miss Mabel Penfold, 22 years old, a filing clerk at the bank, is also missing, Mr. Evans said.

JOHN GARDNER LEADS ALL AGENTS IN NUMBER

The following telegram from E. G. Bewley, state agent for the New York Life Insurance company, wires John Gardner of this place that he leads all agents in the contest for honors and promises to be the honor guest of the company convention to be held soon. The telegram says:

"Heartiest congratulations upon leading all agents in department on number of policies written during Kingsley testimonial. You have the best record ever made in this office by a new agent. Thirty-two policies aggregating \$72,000 is truly wonderful and it delivered and paid for you will be the honor delegate to convention held in the near future. Forwarding your record with personal letter to President Kingsley."

SEVEN HUNDRED OUT IN SHAWNEE STRIKE

SHAWNEE, August 16.—Seven hundred workmen in the six mechanical crafts employed in the Chicago, Rock Island and Pacific railroad shops here walked out Monday afternoon as a result of a trade agreement dispute concerning the transfer of the boiler washers and helpers from the labor agreement with the six mechanical crafts to the labor agreement with the firemen and oilers union.

The transfer was not recognized by the local workmen and after an attempt at conciliation of the differences failed, the boiler workers, car men, mechanics, blacksmiths and electricians went on strike.

The 75 men employed at Halleyville, which is under the jurisdiction of Shawnee crafts, also went out although the same question is not the issue there as all boiler washers are boiler makers helpers.

5,735,000 ARE IDLE IN UNITED STATES NOW

(By the Associated Press.)
WASHINGTON, Aug. 16.—Best available estimates at this time show that 5,735,000 persons are out of employment in the United States. Secretary of Labor Davis reported to the senate today in response to a resolution calling for figures.

WASHINGTON, August 16.—Mr. Davis said the estimate did not include the figures as to the number of former service men out of work, as these could not be obtained. The total of unemployed as given, he added, related to the difference in the number of employees carried on the payrolls last month as compared with the peak of employment in 1920.

Manufacturing and mechanical industries, including the building trades, showed the highest percentage of unemployed, the estimate being 3,900,000, the report said.

ANNOUNCING
The Exclusive Presentation of
Verite SUITS & DRESSES
The New Season's Foremost Exhibit of Exclusive Fashions

Introducing THE SMARTEST MODES OF THE MOMENT to women who appreciate INDIVIDUALITY in Dress.

The VERITE exhibit of Suits and Dresses for Fall, initiates another progressive step in the Fashion Service of this establishment. It emphasizes in a very marked degree the tendency of the better dressed woman of our city towards smart, authentic and practical dress, the Styles that are comprehended by VERITE Models.

Included in this exhibit are models of distinctive style, finely tailored of highest type fabrics

SUITS in long slenderizing, youth gracing lines.
DRESSES that are the last word in fashion.

Illustrated:
On the left is shown a Suit of Duvet de Laine after the Parisian Original of Maurice Mayer, silk embroidered. In navy with mole or brown with nutria collar.
Jenny of Paris originated this very chic Parisian Model of Duvet de Laine with the Jacket trimmed with silk braid. In navy with mole collar, or brown with nutria collar.

Negress Is Taken to Holdenville on Booze Count Today

Lena Isaah, negress, was taken to the federal court at Holdenville today on a charge of having in her possession a quantity of "choc."

Officers also found some sugarhops, malt and other ingredients which are used in making the stuff, they said. She will be turned over to the federal authorities.

Minerva Howard is also facing a charge of unlawful possession of intoxicating liquor. Will Chance is now in the hands of the county authorities, following his arrest last

Friday on a charge of having several gallons of "choc" in his possession.

Guard Drills Tonight

All members of Guard Battery "F" are requested to report for drill at the city hall tonight. Regular drill will be held and all members are asked to be present.
